## DETAILED ACTION

### *Claim Rejections - 35 USC § 102*

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1, 2 and 4 are rejected under 35 U.S.C. 102(b) as being anticipated by Krasner et al (US patent 5,337,435).

The patent to Krasner discloses the invention as is claimed, including head (1) of an electric toothbrush (figs. 1,2). The head includes a first bristle support (one of plates 41) rotatable about an axis and having first bristles (7) extending therefrom in a perpendicular direction. A second bristle support has second bristles (11) extending from a surface thereof. Note that some of bristles (11) extend at acute angles with respect to said surface wherein some are angled towards the first bristles and some are angled away (fig.2).

With respect to claim 2, note that the first bristle support is rotatable in any manner so desired. Nothing would prevent such.

*Response to Arguments*

Applicant's arguments with respect to claim 1 have been considered but are moot in view of the new ground(s) of rejection. As set forth above, the patent to Krasner discloses the invention as is claimed.

*Conclusion*

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
